

## **WiCAS/ Young professional event**

*Inspiring Women in Circuit and Systems to Increase their Visibility and Efficiency in their Professions.*

### **Scope**

The session aims to introduce the WiCAS and its role, motivate females' researchers to be active members in conferences, events, workshops, and provide guidance and support.

### **Idea**

Interactive session (with surprises) that discusses the possible ways to attract more ladies to the domains of circuit and systems; the main problems they face in their profession and the possible solutions.

### **When**

Monday Dec. 11 2017 from 17:00pm-to-18:00pm.

### **Participants**

Please note that the session is not restricted to female audience; men are more than welcomed to attend!!

### **Session Organizer**

Dr. Zeinab Hijazi

### **Session Chairs**

Dr. Sandy Rihana & Dr. Zeinab Hijazi
